
COVID-19 UPDATE

TO: WESTMINSTER VILLAGE RESIDENTS AND STAFF
FROM: BARB NATHAN
DATE: MARCH 5, 2021

WHAT A GREAT WEEK!

All resident and staff COVID tests returned negative results. This means everyone is doing the right things to protect themselves and others.

This week was celebrated by more essential caregiver visits in Martin Health Center, Assisted Living and Memory Care, small group activities, beauty shop opening for the licensed areas and a return to in person dining in independent living. As we are a vaccinated community, we continue to advocate for allowing residents to eat together, if they choose, at the same table in Martin Health Center and Assisted living. Unfortunately, the regulations don't allow that currently. We pray our and other's advocacy will mean lessened restrictions soon.
