
COVID-19 UPDATE

TO: WESTMINSTER VILLAGE RESIDENTS AND TEAM MEMBERS
FROM: BARB NATHAN
DATE: JANUARY 20, 2022

I am pleased to report that we have not had any additional COVID cases since the 5 that I reported to you two weeks ago. More importantly, those five individuals are all doing well. We give thanks!

The dining rooms and other mask less activities were suspended to minimize the chance that we would have spread from those five cases or others. Knowing that all of you will do everything possible to keep each other safe, we are reopening all dining rooms with breakfast on Monday, January 24th. We will also resume the Club Room schedule and food at events as prior.

While the case numbers appear to be declining in our region it is still a time to be ultra-careful. Because of that we are not allowing guests in the Hearth or Landing dining areas until February 14th. Per the Illinois Department of Public Health, guests are not allowed in the Assisted Living, Memory Care or Martin Health Center dining rooms.

Together we continue to travel on the journey and by caring about and for each other, we will get through it.
